INEICHEN
AUCTIONEERS

ZÜRICH

DEAR CUSTOMERS

Ineichen is thrilled to present our new auction dedicated to the art of skeletonization and also to the tourbillon – the most impressive complication of all. Housed behind a sapphire crystal, the classic and modern openworked movements, boasting either intricate engravings or high-tech finish, do not fail to display skill and craftsmanship of the watchmakers who created them.

The auction features a grand variety of significant modern dress watches from highly collectible Breguet tourbillons and Jaeger-LeCoultre minute repeaters, to luxury sports watches such as four Girard-Perregaux Laureato Skeletons with cases in various metal executions. As usual, collectors can enjoy some outstanding pieces from independent brands like Daniel Roth, De Bethune, Mb&F, Urwerk and Konstantin Chaykin.

Your INEICHEN ZÜRICH Team

We now offer online bidding, powered by Ineichen's in-house bidding platform, directly on our website. Wherever you are in the world, you can easily bid in real time on www.ineichen.com and pay the same as you would in the room.

CONDITIONS

Please, bear in mind that this is a shortened version of the Auction Conditions and does not cover all nuances. To make an informed commitment – read the complete version of the Conditions.

THE CONTRACT

The auction object (the «Object») is auctioned by Ineichen Zürich AG, Zurich («Ineichen»), in the name and for the account of the Consignor / Seller (the «Seller»). The lot will be knocked down to the highest bidder (the «Buyer») after three calls and will result in the conclusion of a purchase contract between the Seller and the Buyer. **The bid is considered winning only when knocked down with the hammer by Auctioneer and confirmed via e-mail or phone-call by Us.** The Buyer expressly acknowledges that, irrespective of the specific circumstances, Ineichen always acts as the direct representative of the Seller, so that the contract of sale is exclusively between the Buyer and the Seller. With each oral or written bid submitted, the auction participant acknowledges these auction conditions.

BUYER'S LIABILITIES

Each buyer is personally liable for the bids made by him orally or in writing as well as from a knockdown awarded to him and a purchase contract with the seller resulting therefrom. Ineichen may require persons bidding as a proxy in the name of another person or as an organ of a legal entity to furnish proof of their power of representation. A person acting as a proxy is jointly and severally liable with the person represented, without limitation, for the fulfilment of all obligations in this connection. A bid submitted at the auction is considered a binding offer until it is outbid or rejected by Ineichen. Ineichen may demand from a bidder unknown to it that he legitimises and identifies himself.

BUYER'S PREMIUM

As of May 2022, **we officially cancel the buyer's premium. The buyer's obligation is limited to the hammer price and VAT payment only.**

VAT

The applicable Swiss Value Added Tax shall be paid by the buyer on the net hammer price (as a price of the product purchased in Switzerland). Buyers who present an export declaration duly stamped by the Swiss customs authorities will be refunded the value added tax levied on the net additional price if the value added tax exceeds the amount of CHF 30. For goods shipped outside of Switzerland, Swiss VAT can be excluded from initial invoice by request of a buyer. If the product is shipped outside of Switzerland, both service and product considered to be exported, hence VAT is excluded for the hammerprice. In such case the buyer is liable to pay all the duties (e.g.: import tax and VAT) according to the importing state laws. The request for VAT exclusion should be submitted to info@ineichen.com

PAYMENT

Payment of the net hammer price and value added tax shall be made at the auction or no later than 10 days after the date of the auction execution in cash or by any other method of payment accepted by Ineichen. In case of late payments an interest on arrears of 10% p.a. will be charged on the net hammer price. The delivery of the object takes place in principle after full payment by the buyer. Ineichen has a right of retention and a lien on the object for all its claims against the buyer. It is authorised to realise the object in accordance with the provisions of the SchKG or to sell it by private contract; Art. 41 SchKG is not applicable.

If payment is not made on time, the buyer will be given a 10-day grace period by means of a reminder. If this period also remains unused, the purchase is considered as cancelled by the buyer (Read "Purchase Cancellation" section of these Auction Conditions). Ineichen may adhere to the fulfilment of the purchase contract on behalf of the seller. The assertion of compensation for the delay and further damages is explicitly reserved. Alternatively, after expiry of the period of grace, Ineichen may declare withdrawal from the purchase contract in the name of the seller and, after prior consultation with the seller, connect the objects bought by the buyer to a subsequent auction without limitation or sell them by private treaty. In these cases, the buyer has to pay 10% of the net hammer price for Ineichen's expenses.

OWNERSHIP RIGHTS TRANSMISSION

The benefit and risk of the objects shall pass to the buyer upon acceptance of the bid. The objects will only be handed over to the buyer after full payment of the hammer price and VAT. The objects may be collected immediately after the auction or at the latest 30 days thereafter after prior notification by telephone at the business premises of Ineichen during normal business hours. In case of objects which have not been collected 10 days after this date, Ineichen is entitled to have them stored at the buyer's expense and risk.

SHIPPING

If required, Ineichen offers to transport the object at the buyer's expense.
