**"COMPLICATIONS:
DATES & CALENDARS"**

03 December 2022, 14:00 (CET)

EST. 1973

INEICHEN
AUCTIONEERS

ZÜRICH

DEAR CUSTOMERS

Ineichen is thrilled to present our new auction dedicated to watches with a calendar function. Some calendars offered in our December sale are as simple as a date, or day-date, while others get more complicated moving up to annual and perpetual calendars. Among the diversity of refined timepieces featuring astronomical complications offered in this sale, including the big date, retrograde date, phases of the moon and even the signs of zodiac, the perpetual calendar stands alone as the most prized complication.

The most sophisticated calendar of all, the perpetual calendar continues to captivate us from the 19th century to this day thanks to its mysterious ability to tell the correct date in spite of the quirks of the Gregorian calendar. Programmed to understand the different lengths of months and even leap years, the perpetual calendar only needs adjustment once a century.

The Complications: Dates & Calendars auction will showcase a number of important lots from Breguet, Vacheron Constantin, A. Lange & Söhne, Jaeger-LeCoultre, Daniel Roth, F.P. Journe and Parmigiani Fleurier. Among them will be one of only 45 examples of a De Bethune Perpetual Calendar DB15 with the innovative astronomical moonphase indicator, a very rare Andersen Genève Chronometre Perpetual featuring the minimal, clean design of the dial which paradoxically coexists with the complexity of the perpetual calendar, an extraordinary Jaeger-LeCoultre Reverso Grande Date Septantième originally issued to celebrate the 70th anniversary of the Reverso collection in 2002. Still, the most exciting lot set to debut in December is an early F.P. Journe Octa Chrono numbered 33/99-02C with a brass movement.

Your INEICHEN ZÜRICH Team

We now offer online bidding, powered by Ineichen's in-house bidding platform, directly on our website. Wherever you are in the world, you can easily bid in real time on www.ineichen.com and pay the same as you would in the room.

Bid online in real time directly on www.ineichen.com!

Please Reach out to info@ineichen.com with any further questions.

AUCTION CONDITION

SCAN TO READ
FULL AUCTION
CONDITIONS

Please, bear in mind that this is a shortened version of the Auction Conditions and does not cover all nuances. To make an informed commitment – read the complete version of the Conditions.

THE CONTRACT

The auction object (the «Object») is auctioned by Ineichen Zürich AG, Zurich («Ineichen»), in the name and for the account of the Consignor / Seller (the «Seller»). The lot will be knocked down to the highest bidder (the «Buyer») after three calls and will result in the conclusion of a purchase contract between the Seller and the Buyer. **The bid is considered winning only when knocked down with the hammer by Auctioneer and confirmed via e-mail or phone-call by Us.** The Buyer expressly acknowledges that, irrespective of the specific circumstances, Ineichen always acts as the direct representative of the Seller, so that the contract of sale is exclusively between the Buyer and the Seller. With each oral or written bid submitted, the auction participant acknowledges these auction conditions.

BUYER'S LIABILITIES

Each buyer is personally liable for the bids made by him orally or in writing as well as from a knockdown awarded to him and a purchase contract with the seller resulting therefrom. Ineichen may require persons bidding as a proxy in the name of another person or as an organ of a legal entity to furnish proof of their power of representation. A person acting as a proxy is jointly and severally liable with the person represented, without limitation, for the fulfilment of all obligations in this connection. A bid submitted at the auction is considered a binding offer until it is outbid or rejected by Ineichen. Ineichen may demand from a bidder unknown to it that he legitimises and identifies himself.

BUYER'S PREMIUM

As of May 2022, **we officially cancel the buyer's premium. The buyer's obligation is limited to the hammer price and VAT payment only.**

VAT

The applicable Swiss Value Added Tax shall be paid by the buyer on the net hammer price (as a price of the product purchased in Switzerland). Buyers who present an export declaration duly stamped by the Swiss customs authorities will be refunded the value added tax levied on the net additional price if the value added tax exceeds the amount of CHF 30. For goods shipped outside of Switzerland, Swiss VAT can be excluded from initial invoice by request of a buyer. If the product is shipped outside of Switzerland, both service and product considered to be exported, hence VAT is excluded for the hammerprice. In such case the buyer is liable to pay all the duties (e.g.: import tax and VAT) according to the importing state laws. The request for VAT exclusion should be submitted to info@ineichen.com

PAYMENT

Payment of the net hammer price and value added tax shall be made at the auction or no later than 10 days after the date of the auction execution in cash or by any other method of payment accepted by Ineichen. **In case of late payments an interest on arrears of 10% p.a.** will be charged on the net hammer price. The delivery of the object takes place in principle after full payment by the buyer. Ineichen has a right of retention and a lien on the object for all its claims against the buyer. It is authorised to realise the object in accordance with the provisions of the SchKG or to sell it by private contract; Art. 41 SchKG is not applicable.

If payment is not made on time, the buyer will be given a 10-day grace period by means of a reminder. If this period also remains unused, the purchase is considered as cancelled by the buyer (Read "Purchase Cancellation" section of these Auction Conditions). Ineichen may adhere to the fulfilment of the purchase contract on behalf of the seller. The assertion of compensation for the delay and further damages is explicitly reserved. Alternatively, after expiry of the period of grace, Ineichen may declare withdrawal from the purchase contract in the name of the seller and, after prior consultation with the seller, connect the objects bought by the buyer to a subsequent auction without limitation or sell them by private treaty. In these cases, the buyer has to pay 10% of the net hammer price for Ineichen's expenses.

OWNERSHIP RIGHTS TRANSMISSION

The benefit and risk of the objects shall pass to the buyer upon acceptance of the bid. The objects will only be **handed over to the buyer after full payment** of the hammer price and VAT. The objects may be collected immediately after the auction or at **the latest 30 days thereafter after prior notification** by telephone at the business premises of Ineichen during normal business hours. In case of objects which have not been collected 10 days after this date, Ineichen is entitled to have them stored **at the buyer's expense and risk.**

SHIPPING

If required, Ineichen offers to transport the object at the buyer's expense.

INEICHEN AUCTIONEERS

ZÜRICH

INTRODUCING OUR APP

We are delighted to announce the launch of our mobile app which offers another fast and easy online bidding - now at your fingertips.

Our app offers all of the online-bidding functions available at ineichen.com within the modified and convenient interface, and thanks to instant push notifications you will never miss a chance to win your favorite item!

Available on App Store
and Google Play

Please reach out to info@ineichen.com with any further questions.

FIXED PRICE OPTION

Traditional Ineichen's auctions have always been based on a variable pricing format, but recently our community of collectors and watch enthusiasts indicated a strong desire to buy some watches at a set price. As a result, we have decided to introduce a new Fixed Price selling format, also known as a buy-it-now option. This feature allows our clients a convenient option to buy a desired watch directly without bidding.

The new Fixed Price format allows a bidder to immediately stop an ongoing auction and purchase the item at a fixed price, posted by Ineichen. The new Fixed Price format provides an easy way for our clients to purchase items instantly, at the same time traditional auction-style bidding will remain an important part of buying watches from Ineichen Auctioneers.

Please reach out to info@ineichen.com with any further questions.
